To Thee We Will

Being of sound body and questionable mental condition, I, Karen Ackerman will to Betty Ann Hooker my correct posture.

I, Jeanette Cornelius, will to Elaine Stur, my naturally curly hair and twelve cases of unused wave solution.

To Darlene Comer, I, Connie Falmlen, will, because I have no need for them, my bear traps that have helped me catch the men.

I, Jay Groelz, will my BROAD mind (?) to John Heinzman.

I, Jay Groelz, will to all males between the ages of 6 and 60 my knowledge of Grand Island.

Don Grudzinski, hereby will to Mick Lansden, 1 cigar and twelve matches along with my ability to get the girls (mad).

The big three will their collective ability to get into trouble to Karen Coffey and Nancy Chambers.

I, Bill Schuster, being of great moral character, hereby will to Jim Mabon my good gym shorts to replace his air conditioned red ones.

I, Mr. Thiel, sponsor of this bunch of (?) hereby will what is left of my sanity to the Seniors of 1963.

I, Bill Schuster, will my bean consuming auto to Joel Coffey.

I, Don Grudzinski, will to my brother Leonard my masculine strength and size.

I, Harlan Speer, will my ring duplicating machine to no one. Since I keep about four girls on the string at once I need more than one ring.

I, Broken Speer, will my glass pak mufflers to anyone who would like to say HELL - O, Wilbur.

Being of sound wind and good teeth, mental condition not known and realizing that we have come to the end of the line we hereby leave behind for our loved ones our most valuable possessions.

Class History

Remember 1950? The Korean War was going full swing. Truman was President and the Class of 1962 entered Phillips School. Jeanette Cornelius, Linda Schlicting, Karen Ackerman, Carol Phol, Lois Dadey and Lee Ackerman along with Mrs. Ashley made up the class for the first two years.

Ronald Kahler and Richard Manka joined the class during our third year and Mrs. Downey took over the whip as our teacher.

Remember 1952? Eisenhower was elected President and Bill Schuster and Sharon Cogal joined our class.

Sharon Cogal left us in the fifth grade and Mrs. Dodendoroff assumed the task of knocking education into our heads.

Mrs. Ivan Forseman was our teacher in the sixth grade and Ed Kelley, Ann Walden and Connie Falmlen were new students.

We lost Ed Kelley in the seventh grade but gained Harlan Speer and Larry Krumweide. Rex Crawford became the new teacher.

Mr. Crawford was still here during our eighth grade, Jay Groelz and Don Grudzinski took the vacant places of Lee Ackerman and Ann Walden.

Nine frightened freshmen quietly slipped up the steps to take their place with the rest of the high school. They were Connie Falmlen, Jeanette Cornelius, Karen Ackerman, Lois Dadey, Richard Manka, William Schuster, Harlan Speer, Jay Groelz and Don Grudzinski.

Lois Dadey and Richard Manka only spent that one year in high school with us and then they were gone.

Jerry BeVelle spent the Junior year in Phillips then hot footed it to Texas and the wide open spaces.

Seven seniors will step confidently down the steps to take their places amongst the adults. They are: Connie the Brain with a weakness for a blue '61 Chevy, Jeanette "Corny" Cornelius with eyes only for a big blue-eyed blond fellow, "Acky" Ackerman better known as Karen and her big farmer friend, Jay "Lover Boy" Groelz, the beast of them all, "Broken" Speer, our answer to any lonesome females. Don the mighty with Grand Island inclinations, and Big Bad Bill and his bean eating bug.

Harlan Speer
Jeanette Cornelius
Don Grudzinski Jay Groelz Bill Schuster
Karen Ackerman Connie Falmlen

Senior Prophecy

This is how it's going to be in twenty years.

In twenty years, Jeanette Cornelius will have married her high school sweetheart and they will be the proud parents of 12 strong, blond haired boys. Her dad will be used to being called Grandpa. Jeanette's favorite pastime is hunting wild animals along the river during the winter. Curt will coach the local high school and Jeanette will be a social leader.

Harlan Speer will have spent the last twenty years attempting to get a bill passed by Congress allowing him to homestead Giraffe Hill. Harlan still has not taken the final plunge because the gal in question wants to build her home on top of you know where so she can be surrounded by pleasant memories.

Science has made giant strides forward in the last twenty years mostly due to the efforts of Jay Groelz. Jay advanced the idea that the sum of two historians always equals a square. Jay is now a world renowned authority on women.

A remote control tractor, brain child of Bill Schuster, is the hottest thing on the market. Bill got the idea from watching his favorite show, Captain Kangaroo on TV. Bill is the only farmer in the state with a large garage door in the living room wall. Bill met his wife at a local drive-in and she just loves drive in TV.

Karen Ackerman will become Mrs. Duane Gruehner by the time twenty years has passed. Duane and Mr. Ackerman will take care of the house while Karen and her mother handle the farm work. Karen is the author of the best seller: "I teach Volleyball to Thiel," and still plays a wicked game herself. Then there's volleyball.

Don Grudzinski just retired from the Army. They finally had to let him go with the rank of General Nuisance. The Army will never be the same without old Don. Don will be remembered for the charge against the White House. One problem: No one told Don that the White House belonged to us.

Connie Hohnstein will be on the Olympics Track Team. Her specialty is putting the shot. She warms up by throwing her husband Rich into the family swimming pool. When not touring with the track team, Connie has a ninety room hospital to play in, purchased by her husband, who is still doing business at the same stand in Grand Island. Connie's last name used to be Falmlen.

The girls are always writing to each other about them having fun at "slumber parties". I think that the boys should try it some time. How about that it might be real interesting. Have a ball in the future and don't slow down with your fun or you'll grow old. I hope that after I have made my "million" that I'm as full of fun as you are. signing off

I quite wish
 you shall have
 the chance to write,
 I will remember
 it & write soon.
 I hope too, I
 shall see you

Best of Luck to a swell
Coach & teacher. With
ambition and courage
like yours, you can only
climb the ladder of success
to reach the top. If you
have as much fun all the
rest of your life as you have
had this year you'll be a
happy all feller. "Lie it up & have a ball"
